WEDNESDAY EVENING, AUGUST 10

DEATHS FROM VACCINATION,-In Pisics township, adjaining Wilkesbarre, there have been saveral deaths within the past week from erysipelas, caused by vaccination with a soab, and several others are suffering from the ter rible disease from the same esuse, some of them being in a very critical condition. One young lady, the daughter of a well known citizen, bright, belived and only sixteen, was buried yesterday. She was vacc nated in the way mentioned on the 15th ult. The dector slieging that the first operation was a failure, repeated it on the 18th, only three days later, and on the 20th she took to her bed, from which she never car up again alive. The erysipelas travelled first down her sem, then to her neck. and theres down the entire front of her person and one of her lower limbs. She was delirious part of the time, and at others coffered intensely. When she died hor body was one mass of festering corruption. Two young children named, Smith and Barnes, died from the same cause. The father of the former, Frank Smith, iz now covered with erysipelas seres and criticelly ill. An ergiceer named Maiden had a parrow escape from death. At one time it was thought his arm would have to be ampulated. A burcher's wife had her arm so swelled up that the pressure beneath burst the skin, and she writhed in torment.-Phila Press.

Perry, Ga, April 14 1879. I have watched the use of the medicine now known as "Swift's Syphillitic Specific" over fifty years, and have nover heard of a failure to cure when properly taken. I commenced the use of it on my slaves between 1850 and 1855, as also did a number of my neighbors, and in every case that came within my knowledge it effected a cure. In 1835 Geo. Walker, beught at auction a slave not warranted. After the purchase it was discovered that he had had Syphilis for twelve years. His head was without a hair on it. He trested him with this remedy, and in four weeks he was sound and well, and in a shor time had as fine a head of hair as was ever owned by a negro. He owned this slave many years, and he never had any return of the disease, nor lost a day's work.
